

# Varsha Gade

QA Analyst at Yethi Consulting Pvt. Ltd.

Dedicated and detail-oriented **ISTQB Certified** QA Engineer with a 2.5+ years of experience in the area of **Manual** and **Automation** testing, **API** testing in the **agile** environment. Sound knowledge of software testing concepts. Experience in creating and executing **test cases** and **test scenario**, identifying and **reporting defects**, utilizing tools such as **JIRA**. Familiar with all aspects of **SDLC** and **STLC**. Knowledge in creating custom **Xpath** identifier for locating objects on web pages. **TestNG**, **Maven** and Basic knowledge in **JAVA** programming. Version Control: **Git**. I am seeking a challenging role to contribute to the success of software development by applying strong analytical and problem solving skills. Attention to detail with a commitment to delivering high-quality software.
